

data@breakfast

Friday, 24 April 2020

7:30 am to 8:30 am

You are invited to the next data@breakfast for 2020 given by **Dr Richard Lessells**. His talk is titled:

“Responding to the COVID-19 epidemic: an update”

Dr Lessells is an Infectious Diseases Specialist at KRISP, UKZN. He trained as an infectious diseases and internal medicine physician in the UK and has a PhD from the London School of Hygiene & Tropical Medicine. He has been conducting clinical and population-based research in HIV & TB in KwaZulu-Natal since 2007. He is currently deployed to the UKZN COVID-19 war room and is supporting the local response to the epidemic.

The event will be hosted via Zoom.

RSVP [here](#)

We look forward to seeing you there!
